ANNUAL REPORT

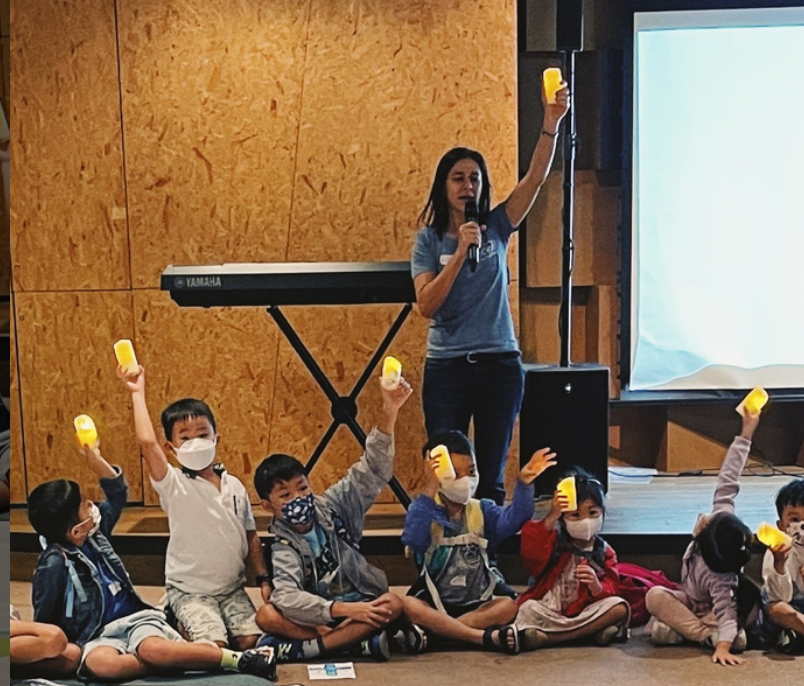

We are YWAM Gateway, a non-profit Christian organisation in Hong Kong, committed to knowing God and making Him known in every area of society. Our mission is to Gather, Equip and Mobilise believers across the nations and the generations through the strategic Gateway City of Hong Kong.

As an international mission centre, we organize and run year-round local and global outreaches and quality training in the areas of missions, children, youth and families, and character and leadership development since 2006. We also provide holistic care to the needy in Chai Wan.

GLOBAL OUTREACH

We travelled to Thailand for our DTS mission trip last January. It was our first overseas outreach since the pandemic. The team spent five weeks sharing God's message of hope and salvation in Thailand's two most unreached areas by the Gospel, Loei province in the North and Phuket in the South.
