Henrietta Secondary School "Neighbor Watch" Program

April 14–16 Ministry Highlights

We were privileged to host 18 students from Henrietta Secondary School for their service-learning program at our ministry centre. This three-day immersion gave these 15-year-olds hands-on experience in:

Compassion
for the
community

Love
through
service

Worship
and
Scripture

Relationship
building

A Student's Transformative Experience

"This program revealed the deeper meaning of 'It is more blessed to give than to receive' (Acts 20:35). Morning worship grounded our service in God's love - even small acts matter when done for Him.

The poverty simulation helped me feel the struggles of vulnerable groups. When we were distributing supplies and visited elders, one grandmother held my hand so tightly - I realized they hunger not just for food, but for dignity and connection.

Our team's cooperation in packing supplies showed me how small acts multiply into real change. This experience has challenged me to make neighbor-love an ongoing practice of my faith."

Deepened and lasting connections between YWAM Gateway, students, and the community, fostering mutual impact and collaboration

"I learned that this is an inclusive team where everyone is welcome to join. There's a lot of love here—everyone is nice and helpful, and people feel happy being part of the team. As an organization, it's Christian-based and always helps others in the community and society."

Ho Sin Tung Toby

"I really enjoyed being a volunteer for YWAM. All the staffs were really nice here and also treated us really well. They were really kind towards us. I really like how they care about us. I just want to say thank you."

RIAZ Amira

We look forward to expanding this collaboration with the higher education sector, offering more young people the chance to serve and become agents of positive change in their communities.
