ANNUAL REPORT

We are YWAM Gateway, a non-profit Christian organisation in Hong Kong, committed to knowing God and making Him known in every area of society.

Our mission is to gather, equip and mobilise believers across the nations and the generations through the strategic gateway city of Hong Kong.

As an international mission centre, we organize and run year-round local and global outreaches and quality training in the areas of missions, children, youth and families, worship music and production, as well as character and leadership development since 2006. We also provide holistic care to the underprivileged in Chai Wan.

LOCAL OUTREACH

Reaching and equipping the younger generation in schools and churches across the city.

Our new spacious facilities have enabled us to host community service programs for local and international schools, as well as a variety of events to reach younger generations with the Gospel.
